

# POWER ELECTRONICS

14<sup>th</sup> International exhibition of power electronics components and systems

**Russian electronics industry is a part of the global and domestic economy and demonstrates steady rate of development.**

**The Russian electronics industry market volume\*:**

- Domestic manufacturers – **1 444** companies
- Dealers, distributors – **600** companies
- Consumers of imported radioelectronic equipment – **22 000** companies
- Total market volume – **52 808** million dollars
- Volume of imported radioelectronic equipment – **34 398** million dollars

**Power Electronics exhibition is:**

- an effective tool to increase sales and to attract new customers from among Russian state and commercial industrial enterprises and resellers operating in the field of electronics, electrical engineering and instrumentation for various industries
- an unique opportunity to demonstrate power electronics components and systems in a short time to a wide range of specialists who are interested in purchasing them

**Power Electronics regular participants:**

Ufi  
Approved  
Event

**24–26 October 2017**  
Crocus Expo, Moscow, Russia

**Power Electronics is the only in Russia specialised exhibition of power electronics components and systems for various industries**

**Exhibition profile:**

- Power semiconductors
- Passive components
- Magnetic and core materials
- Secondary power sources and converters
- Storage batteries
- Thermal management
- Sensors
- Assemblies and subsystems
- Electrical drives
- Test and measuring equipment
- EMC
- Software

\* According to the Federal State Statistics Service data for 2014

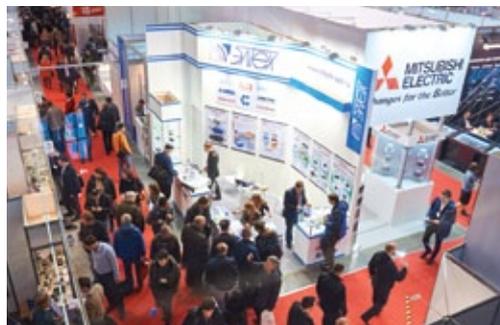

## Our exhibitors say

Our task was to present brand ROHM Semiconductor to power electronic specialists. And the exhibition was a great instrument for this. I can say with confidence that we have succeeded. We managed to talk to the key customers. Participation in the exhibition will make our brand even more recognizable.

**Vladimir Karabanov,**  
ROHM Semiconductor GmbH

We made really good contacts during the show. Work at this exhibition was active and fruitful. A large number of customers were open for cooperation and joined us.

**I.V. Rolf Viehmann**  
Isabellenhutte Heusler GmbH & Co. KG

## Foreign brands represented at Power Electronics 2016

AARONIA AG	DELTA ELEKTRONIKA	IMST	SYSTEMS	SICK
AIM	DEUTA-WERKE	INFINEON	MORNSUN	SMP
AIMTEC	DUCATI ENERGIA	INPOWER	MS POWER	STARPOWER
ALCON ELECTRONICS	DUNKERMOTOREN	IR	MTA INTERNATIONALE	STM
APPLIED KILOVOLTS	DYNEX	IXYS	SPEDITION GMBH	STRELOY
ARCOELECTRIC SWITCHES	EA ELEKTRO-AUTOMATIK	JAMICON	MURATA POWER SOLUTIONS	SWITCHCRAFT
BEL POWER SOLUTIONS	EAO AG	JIANGHAI	MYRRA	TDK
BOURNS	ELECTRONICON	JUTZE	NEOSID	TDK-EPCOS
BRADY	ELECTROVIPRYAMITEL	KELLER AG	NIPPON CHEMI-CON	TDK-LAMBDA
BUDATEC	EPCOS	KENDEIL	NOSTOP	TE CONNECTIVITY
BULGIN	ESSENTRA	KEYSIGHT TECHNOLOGIES	NUCON	TECHNOUNITY
C&K COMPONENTS	FEEM	KINGBRIGHT	PANASONIC	TECHSEM
CARLING TECHNOLOGIES	FERRAZ	KLAUKE	POWER INTEGRATIONS	TEKO
CARLO GAVAZZI	FIBOX	KRAUS&NAIMER	POWRMOD	TI
CELDUC	FIGARO	LEACH	PROTON-ELECTROTEX	TOELLNER
CHEN-YANG	FORLIGHT	LENORD+BAUER	PULS	TRACO POWER
CHINFA	FOX ELECTRONICS	MASCOT	PULSAR NPP	VELLEMAN
CHROMA ATE	FUJI ELECTRIC	MEAN WELL	REGATRON	VICORI
CONCEPT	GESSMANN	MERSEN	ROHM	VISHAY
CRANE	HARTING	MICROMETALS	SCHAEFER ELEKTRONIK	VISHAY-IR
CRRC	HELLERMANNTYTON	MICRONOR	GMBH	WESTCODE
CRYDOM	HITACHI	MICROTHERM GMBH	SCHALTBAU	WINSTON BATTERY
CT-CONCEPT	HOLT INTEGRATED CIRCUITS	MIQAM	SEMIKRON	WÜRTH ELEKTRONIK
DANA	INC.	MITSUBISHI ELECTRIC	SENSITEC	XILINX
DANOTHERM	HONEYWELL	MODULAR DEVICES INC.	SERVICE DEVICES	XP POWER
DAU	HUBER+SUHNER	MONOLITHIC POWER	SIBA	YAGEO

Since 2015, Power Electronics exhibition is held alongside with the international industrial exhibitions ExpoCoating Moscow, NDT Russia, Testing&Control, Mashex Moscow, PCVExpo, HEAT&POWER and FastTec. Therefore, Power Electronics exhibitors could hold negotiations with visitors to the other exhibitions, interested in solving practical issues in the field of power electronics.
